This highly acclaimed wine has achieved an enviable reputation,
22 vintages from 1984 thru' to 2010

Fruit for this release comes from a vineyard planted in 1910 (this vineyard's centenary!) close to the original Futures Shiraz vineyard. Rich, concentrated fruit was handpicked then open fermented before being put to oak to finish fermentation and then mature for 24 months (approximate as wine is still in oak) This wine has great potential and it is expected to mature well over the next 20 years or to personal requirements. It is bottled under screw cap to maintain freshness on opening. **Our recent value pedigree:-**

2009 Vintage Futures - made from 70 year old vines on the rich sands of McLaren Vale. The wine has been aged in French and American oak for 21 months and is made under the direction of Nick and James Haselgrove at the Adelaide Winemakers Cellars, Grant Gully Road at Clarendon. One of the wines chosen for the Winemaker of the Year Award to Nick Haselgrove in 2010.
